Property overview

Rooted in natural harmony and designed for modern living, this villa in the exclusive collection redefines tropical serenity with a conscious blend of innovation, luxury, and Thai cultural expression. Crafted by Paradise Coastal Villas, renowned for building dream homes defined by precision and refinement, this 3-bedroom sanctuary balances architectural sophistication with the gentle rhythms of island life. Located in a peaceful enclave of Phuket, the villa invites you to inhabit a space where light, wind, wood, and greenery work in quiet synergy. At the heart of the design is a groundbreaking approach to light and shadow, the first of its kind in Phuket. An intelligent environmental system, including solar power generation, minimizes the home's footprint while maximizing natural light and air circulation. It's a modern sanctuary that respects the land it rests on. From the moment you enter, you're enveloped in calm. Interiors feature warm wood tones, subtle cultural accents, and expansive glass elements that frame lush gardens and green courtyards. Every room opens to nature, front and rear, creating seamless transitions between indoors and out. The layout is generous and fluid. Living spaces encourage both solitude and connection, while the private outdoor areas offer quiet spaces for meditation, reflection, or alfresco entertaining. Each detail, from landscaping to material selection, reflects a deep respect for the island's natural and cultural heritage.

Key Features:

- 3 bedrooms thoughtfully positioned for privacy
- 306.6 m² built-up area on a 407.8 m² land plot
- Exclusive light-and-shadow design concept
- Eco-forward solar power system
- Intelligent natural lighting and ventilation
- Thai-inspired interiors with modern minimalism
- Tranquil gardens and private courtyards

Project Facilities & Services:

- 24-hour security and CCTV
