Property overview

Space, light, comfort and luxury are only four words we hear on a regular basis when people describe this villa, all of which are very apt. The villa has two master bedrooms and a further four guest bedrooms, all with luxurious en-suites and jaw-dropping sea views. The main living, dining and entertainment areas are well positioned with easy access to the large sun terrace and infinity swimming pool. From here, owner and guests alike can enjoy the expansive ocean and mountain views. All roof-lines have been extended to give additional shade from the sun and shelter from the rain. This brief exposé would not be complete without mentioning the pool, sun terrace and enlarged dining sala, all of which have to be experienced (along with the incredible views) to be believed. The internal areas, like all the bedrooms, enjoy the natural feel of rich hardwood flooring, architraves and matching doors, silk lined wall inserts and high vaulted ceilings. Bathrooms and en-suites are large and luxurious with soft lighting and a superb use of mirrors to enhance the special ocean views. The large western style kitchen is fully equipped and a delight to use, a smaller Thai kitchen is adjacent and outdoors. A purpose-built lift takes the owner from the main entertainment and living area, down to the guest suites and media room. The media/entertainment room is a place for relaxing with family and friends, a perfect spot at any time of day or night. The property comes fully furnished with superior quality heavy furniture and local artifacts and antiques; all are tastefully positioned and presented. The lower floor also sports a personal gym, spa room and an open area courtyard with water features, perfect for those who prefer the shade. villas benefit from the use of a full-time management company taking care of security, maids and concierge services as well as in-house chefs, waiting staff, party planners and other specialized services. In addition, villa owners are welcome to make use of the tennis courts, gym, spa, restaurant and other high-end facilities that Villas has to offer. This residence would suit those who require a part-time or permanent home in the hub of South East Asia. Most major Asian cities are within a 1-4 hour flight away and this tropical sun-kissed island is the perfect place to unwind and commute to and from when necessary. Viewing is highly recommended and by appointment only.
