Property overview

Welcome to our exclusive haven, a modern pool villa born from the harmonious blend of tropical Southeast Asian house design and the sleek lines of modern Western architecture. Crafted to perfection, this residence is a sanctuary filled with the warmth of nature and elevated privacy, a bespoke dwelling exclusively tailored for five fortunate families. Designed for Generations, Inspired by Nature Our vision was to create a space where different generations coexist harmoniously, from the energetic laughter of young children to the serene presence of the elderly. The Universal Design ensures accessibility for all, allowing wheelchair users to navigate every corner safely. Natural and eco-friendly materials define the villa, ensuring durability, while also minimizing maintenance costs and leaving a minimal environmental footprint. Smart Living, Sustainable Comfort A cutting-edge Smart Home system empowers you to control and manage your home from anywhere in the world at any time. Considerate design factors in the direction of light and heat, complemented by a comprehensive energy management system, not only enhance functionality but also contribute to significant electricity savings. The result is a space that seamlessly marries practicality with aesthetic appeal. Private Clubhouse Living The common area is thoughtfully designed as a private clubhouse, allowing you to proudly welcome your guests. It's a space where shared moments become treasured memories, enriching the sense of community within this exclusive enclave. Prime Location, Unparalleled Convenience Nestled in the high-potential area of Bangtao, our project occupies the best location on the Bandon-Choeng Thale main road, between Soi Pasak 6 and 8. Surrounded by the residences of expatriates, in a secure neighborhood, and in proximity to various facilities, our modern pool villa promises unparalleled convenience. Exclusive to just five families, this is more than a residence; it's a legacy of privileged living.
