Property overview

Nestled in a serene valley, this villa is more than just a villa; it is a one-of-a-kind opportunity to reside in stunning nature with the utmost comfort and style. The villa lifestyle is filled with unparalleled amenities and adventures designed uniquely for you by Thailand's leading real estate developer, the creator of the Porsche Design Tower that redefined Bangkok's ultra-luxury landscape.

Where the rainforest whispers and the mountain holds its breath.

Tucked deep within the untouched embrace of Phuket's Mountain range, this project is not just a villa. It's a personal sanctuary designed for those who seek profound balance. Located within the visionary greenery place, this is tropical living reimagined: intimate, immersive, and in complete harmony with nature. Every villa is individually crafted, shaped by the natural slope of the land, wrapped in a lush green canopy, and oriented to ensure privacy and panoramic forest views. With flowing creeks nearby and a seamless blend of indoor and outdoor living, this is a home that breathes with the land.

A setting of rare natural beauty.

Spanning 550 rai (220 acres), this place is a self-contained green haven. Meandering trails, wild creeks, and a thriving tropical ecosystem define this unique enclave an environment that nurtures wellness, creativity, and calm. Residents enjoy direct access to:

- A 100-kilometer nature trail system
- An integrated canal and reservoir network
- Natural terrain playgrounds for all ages
- Complete pedestrian and cycling-friendly infrastructure

Architectural elegance rooted in purpose.

Each villa balances openness with seclusion. Stone and timber textures blend into the environment, while a flexible façade and signature Sun Room invite dappled light and gentle breezes inside. Whether designed with 4 or 5 bedrooms, spaces flow with intention every angle maximized for views, comfort, and privacy. Hidden yet open. Elevated yet grounded. This is modern tropical architecture with soul.

Lifestyle elevated.

Beyond the privacy of your villa, it offers a rare lifestyle ecosystem. Notable resident amenities include:

-

The Sandals & Boots Club – where refined leisure meets equestrian charm

- The Pool Club and Bar – a relaxed, social hub immersed in the valley's lush surrounds
- EV charging stations and underground electrical systems
- A forward-thinking smart water recycling and management plan

Proximity without compromise.

Though it feels a world away, this project is remarkably well-connected. Within a short drive:

- Bangtao Beach (8km) and Surin Beach (9km)
- Blue Tree Phuket, Laguna Community, and Niran Equestrian Center
- International schools, hospitals, and world-class shopping centers
- Phuket International Airport – just 30 minutes away

This isn't just a place to live. It's a place to return to yourself.

To walk among trees and rise with mountain light. To live simply, surrounded by intelligent design, enduring quality, and nature in its purest form.
